

Forum Train Europe, **the** European platform for Railway Undertakings for Capacity Management and Timetabling, is looking for an experienced

## Senior Project Manager

Organising the European Timetable Conferences for nearly 150 years, FTE is also the voice of the railway undertakings (RU) to develop the future management of capacity on the whole continent. Thus, with a large history and experience, we are passionately working to create the timetabling of the future, serving freight and passenger RUs and their customers alike.

For the small, experienced and committed FTE office team, smart working with our home base in Bern (Switzerland), we are looking for an experienced Senior Expert / Senior Project Manager for the next possible date.

### Tasks

- Leading and supporting European projects in capacity management, timetabling and production planning (process and supporting IT)
- Providing methodology and expertise to internal and external projects
- Motivate and steer members to work on solutions
- Create solutions with partner organisations
- Promote RUs views towards stakeholders on political and professional level

### Your expertise

- Adequate related professional (railway) expertise preferably in capacity management / timetabling / production planning
- Related university degree
- Experience in project management
- Experience in negotiations with different stakeholders

### Your abilities

- General rail and timetabling knowledge
- Strong self-organisation and project management skills
- Business analysis abilities or experience on the link between process/business and IT
- Intercultural skills
- Being a good moderator, communicator and negotiator
- For this position you need to be able to communicate fluently in English (C1), while any other European languages are a highly appreciated plus.

### Our offer

- Attractive overall package
- Working in “the international railway family”
- Possibility for working from home to a reasonable extent
- Good working atmosphere in a motivated team
